

PERMATA BANGSA INTERNATIONAL

21st Century Bilingual Education

Kerry Neuman, Programme Director

PBI: Bilingual Immersion Programme

School-based, content driven immersion aim for:

- Academic achievement
- Additive bilingualism and biliteracy
- Cultural pluralism through increased intercultural competence

High language intensity:

- Early & Primary Programme: 90% of subject matter instruction is through English medium
- Secondary Programme: at least 70% of subject matter delivered through English medium

Benefits of Bilingual Education

- Student nationality and culture are retained
- Tertiary opportunities provided at either Indonesian or foreign universities

PBI – Learning and Teaching Centre

Professional Development Centre:

- Cambridge International Examinations:
 - Professional Teaching Qualifications:
 - Certificate in Teaching (CICTT)
 - Diploma in Teaching (CIDTT)
 - Certificate for Teachers in Bilingual Education (CICTBiEd)
- CLIL (Content Language Integrated Learning)
- ESL/ELD (English Second Language / English Language Development)
- EAP (English for Academic Purpose)

Pedagogy and Practice

- Teachers adapt subject-specific methods to accommodate the additional language focus
 - Content language integrated learning – alternative ways of using methodologies
- Classroom setting motivates learning.
 - Learners participate voluntarily in learning through the medium of an additional language
- Project learning provides for authenticity in the classroom
 - Students engage in problem solving (international as well as locally based issues) using both Indonesian and English language skills.
- English teachers and content teachers work collaboratively
 - Project blocks provide learners time to build additional language skills

A CLIL Culture

Managing Bilingual Education

- Curriculum Planning
 - Content Based Language Education
- Pedagogy & Practice
- Classroom Instruction
 - Content and language integrated learning (CLIL)
 - Teacher/learner interaction
