1 About these Qualifications

This booklet contains GCSE specifications in French, German and Spanish and OCR's GCSE (Short Course) for teaching from September 2009.

Key features of these specifications are:

- A meaningful and enjoyable educational experience for all candidates
- Known and achievable but challenging goals for candidates of all abilities
- A useful level of linguistic competence that all candidates can achieve
- A suitable stage in a culture of lifelong language learning
- Useful experience of language acquisition
- Reference to other cultures, enabling personal awareness to develop.

Assessment is based on the following principles:

- English is used for questions and instructions so that understanding the task is straightforward and not made unnecessarily complex by the language used.
- A broad range of test types is involved so that candidates are not disadvantaged by performance in any one test type.
- Test types are selected for their effectiveness in allowing candidates to show what they know and can do.

1.1 GCSE (Full Course)

From September 2009 the GCSE is made up of **four** mandatory units. Three units are externally assessed and one is internally assessed and externally moderated.

The **four** units are:

A701/A711/A721 (externally assessed): *Listening (French/German/Spanish)*;

A702/A712/A722 CA (internally assessed): *Speaking (French/German/Spanish)*;

A703/A713/A723 (externally assessed): *Reading (French/German/Spanish)*;

1.2 GCSE (Short Course)

The GCSE (Short Course) is both a 'stand-alone' qualification and also half of the corresponding GCSE. The GCSE (Short Course) is assessed at the same standard as the corresponding two-year GCSE course.

From September 2009 the GCSE (Short Course) is made up of either of the following combinations of **two** units taken from the corresponding GCSE (Full Course):

Spoken Language: Unit 1 (French A701/German A711/Spanish A721) Listening and Unit 2 (French A702/German A712/Spanish A722) Speaking

Written Language: Unit 3 (French A703/German A713/Spanish A723) Reading and Unit 4 (French A704/German A714/Spanish A724) Writing

Candidates may choose either combination to suit their own learning needs and skills.

1.3 Qualification Titles and Levels

These qualifications are shown on a certificate as:

- OCR GCSE in French, German or Spanish.
- OCR GCSE (Short Course) in French, German or Spanish Spoken Language.
- OCR GCSE (Short Course) in French, German or Spanish Written Language.

These qualifications are approved by the regulatory authorities (QCA, DCELLS and CCEA) as part of the National Qualifications Framework.

Candidates who gain Grades D to G will have achieved an award at Foundation Level 1 (Level 1 of the National Qualifications Framework).

Candidates who gain Grades A* to C will have achieved an award at Intermediate Level 2 (Level 2 of the National Qualifications Framework).

1.4 Aims and Learning Outcomes

GCSE specifications in modern foreign languages should encourage candidates to derive enjoyment and benefit from language learning, and be inspired, moved and challenged by

following a broad, coherent, satisfying and worthwhile course of study. Candidates should recognise that their linguistic knowledge, understanding and skills help them to take their place in a multilingual global society and also provide them with a suitable basis for further study and practical use of the language. GCSE specifications in modern foreign languages should prepare candidates to make informed decisions about further learning opportunities and career choices.

The specification aims to give candidates the opportunity to:

- Derive enjoyment and benefit from language learning by following a coherent, satisfying and worthwhile course of study
- Develop understanding of the language in a variety of contexts
- Develop knowledge of the language and language learning skills
- Develop the ability to communicate effectively in the language
- Develop awareness and understanding of countries and communities where the language is spoken
- Recognise that their linguistic knowledge, understanding and skills help them to take their place in a multilingual global society and also provide them with a suitable basis for further study and practical use of the language.

1.5 Prior Learning/Attainment

Candidates who are taking courses leading to this qualification at Key Stage 4 should normally have followed the corresponding Key Stage 3 Programme of Study within the National Curriculum.

4.7 Quality of Written Communication

- *Quality of written communication* in English is not assessed in these specifications.

5 Controlled Assessment

5.1 The Controlled Assessment units: Speaking and Writing

These units have been designed applying the principles of Controlled Assessment. Controls are set within the assessments so that validity and reliability are ensured. These controls take a variety of forms in each of the stages of the assessment process: task setting, task taking and task marking. Within each of these three stages there are different levels of control. This section sets out the overall OCR approach, but the Scheme of Assessment sections of the units include more detail and any specific requirements.

5.2 Task setting

5.2.1 The OCR approach

OCR assumes a limited level of control in relation to the setting of tasks. A number of exemplar Controlled Assessment tasks will be available from OCR for the Controlled Assessment units. These tasks have been designed to meet the full assessment requirements of the unit. Candidates will need to take part in a structured learning programme that covers the requirements for the knowledge and skills of the unit.

5.2.2 Using Controlled Assessment tasks

Centres can choose from tasks offered by OCR. These tasks can be used with a minimum amount of adaptation or centres can choose to set their own tasks. These tasks may be set within overarching scenarios and briefs more relevant to centres' own environments and targeted at their particular cohorts of learners.

Controlled Assessment tasks may be adapted or independently set by centres in ways which will not put at risk the opportunity for candidates to meet the Assessment Criteria, including the chance to gain marks at the highest level.

The same OCR Controlled Assessment task must NOT be used as the practice material and then as the actual live assessment material. Centres should devise their own practice material using the OCR specimen Controlled Assessment task as guidance.

5.3 Task taking

5.3.1 The OCR approach

Speaking

- Medium level of control.

Writing

- High level of control.
-

The task taking parameters are defined for several key controls and the remainder set by centres as outlined below.

5.3.2 Definitions of the controls

OCR expects teachers to supervise and guide candidates. The degree of teacher guidance in candidates' work will vary according to the kinds of work being undertaken. When supervising tasks in the preparation time, teachers are expected to:

- Offer candidates advice about how best to approach such tasks
- Exercise continuing supervision of work in order to monitor progress and to prevent plagiarism
- Exercise continuing supervision of practical work to ensure essential compliance with Health and Safety requirements
- Ensure that the work is completed in accordance with the specification requirements and can be assessed in accordance with the specified marking criteria and procedures.

Authenticity control

Speaking and Writing

Candidates will complete all work for assessment under direct teacher supervision except as outlined below. Teachers must be able to authenticate work as the candidate's own and insist on acknowledgement and referencing of any sources used.

Feedback control

Word count

Candidates aiming at grades G – D should produce up to 350 words across the two tasks.

Candidates aiming at grades C – A* should produce up to 600 words across the two tasks.

Time control

Speaking

The time limit available to candidates to complete the assessment tasks for **Speaking** is between a minimum of 4 minutes and a maximum of 6 minutes.

Speaking tasks may be carried out in any appropriate location as long as they are supervised. They may take place in the classroom or any other part of the school. They may also even be taken in a suitable environment outside the school such as on a school visit.

Writing

The time available to candidates to complete the final assessment tasks for **Writing** is between 45 minutes and 1 hour.

Collaboration control

Speaking

In Speaking, candidates can carry out the tasks individually or as group work.

In group work in Speaking, candidates must be given the opportunity to provide an individual response sufficient to meet the assessment criteria.

Writing

In Writing, all work should be done independently by individual candidates.

There must be no collaboration between candidates.

Resource control

Speaking

Access to resources will be limited to those appropriate to the task and as required by the unit. Candidates will need to be provided with the most appropriate materials and equipment to allow them full access to the marking criteria. The use of specialist equipment (such as video/audio recorders) and software will be required.

Writing

Access to resources will be limited to those appropriate to the task and as required by the unit. Candidates will need to be provided with the most appropriate materials and equipment to allow them full access to the marking criteria. For the most part, basic workplace equipment will be adequate.

5.3.3 Quality assuring the controls

It is the responsibility of the Head of Centre to ensure that the controls set out in the specification and the individual units are imposed.

5.3.4 Completing the tasks

Speaking

Final tasks

The final task is produced under supervised control (teacher, teaching assistant or language assistant can supervise candidates).

Candidates can have access to the **Speaking Notes Form**, the **visual stimulus** and the **Speaking Information Form**.

No dictionaries are allowed during the taking of the final task.

There must be **no feedback** or assistance to candidates during the taking of the final task.

Writing

Final tasks

The final task is produced under supervised control (teacher, teaching assistant or language assistant can supervise candidates). Supervision must be sufficient to make sure that plagiarism does not take place:

- No assistance or feedback from teaching staff and other candidates is permitted in the production of the final task.
- Candidates should produce the final task independently.
- There must be no interaction between candidates when they produce the final task.

Candidates **can** have access to:

- The notes on the **Writing Notes Form**
- The suggestions of information to be included on the **Writing Information Form**
- A bilingual dictionary.

Candidates **must not** have access to:

- Previous drafts of the task
- Online resources: foreign language grammar and spell checkers, electronic translations, online web pages that could provide ready-made phrases for the task.

Note: Candidates can word process their tasks but the above restrictions about online resources must apply.

Word count

Candidates aiming at grades G – D should produce up to 350 words across the two tasks.

Candidates aiming at grades C – A* should produce up to 600 words across the two tasks.

5.3.5 Presentation of work

Speaking and Writing

Candidates must observe certain procedures in the production of written Controlled Assessments:

- Tables, graphs and spreadsheets may be produced using appropriate ICT. These should be inserted into the work at the appropriate place.
- Any copied material must be suitably acknowledged.
- Quotations must be clearly marked and a reference provided wherever possible.
- Work submitted for assessment must be marked with the:

centre number

candidate number

candidate name

specification code and title

assignment title

Speaking

Recording speaking tasks

The final tasks will need to be recorded in order to provide a sample of tasks to be sent for moderation. As the sample may be sent either electronically to the OCR repository or on CD/DVD to the moderator, the tasks must be recorded directly onto the appropriate electronic software (see Appendix E). Recordings can be audio or video, thus allowing flexibility in how tasks are recorded.

Centres will be required to record an adequate sample of tasks to provide sufficient evidence for moderation. For more information see OCR Guidance to Centres: Controlled Assessment-Speaking.

The recording of each task should be continuous and must not be edited in any way. At the beginning of each recorded file, the teacher or supervisor should give the following information:

- Date of the recording
- Centre number
- Candidate number and name
- Unit number and component number.

Both the candidate and any other participants (e.g. the teacher, student peers) should be audible.

Teachers are asked to check that each task has been recorded at the correct audible level by reviewing the last few seconds of the recording.

Each CD or DVD should be labelled with the centre number and unit number. To label CDs and DVDs appropriate marker pens should be used. The use of biro, for example, may make the contents of the disk unreadable. Centres should also complete each CD/DVD insert.

For more technical information, consult the OCR website and the document *Digital Audio Technology: Guidance to Centres and Assessment Personnel*.

Writing

Work submitted on paper for moderation or marking must be secured by treasury tags. Work submitted in digital format (CD or online) must be in a suitable file structure as detailed in Appendix E.

5.4 Task marking

5.4.1 The OCR approach

Speaking

Two tasks are marked by the centre assessor(s) using OCR assessment criteria and guidance, and a sample moderated by the OCR appointed moderator.

Writing

High level of control in relation to the marking of tasks. All work is marked by OCR assessors.

5.4.2 Assessment criteria

The assessment criteria contain levels of criteria for the skills that the learner is required to demonstrate. Before the start of the course, and for use at INSET training events, OCR will provide exemplification through real or simulated learner work which will help to clarify the level of achievement the assessors should be looking for when awarding marks.

5.4.3 Use of 'best fit' approach to marking grids

Speaking

Task(s) should be assessed by the teacher according to the marking criteria within the relevant unit using a 'best fit' approach. For each of the assessment criteria, one of the descriptors provided in the marking grid that most closely describes the quality of the work being marked should be selected.

Marking should be positive, rewarding achievement rather than penalising failure or omissions. The award of marks **must be** directly related to the marking criteria.

Teachers use their professional judgement in selecting the descriptor that best describes the work of the learner.

To select the most appropriate mark within the descriptor, teachers should use the following guidance:

- Where the learner's work *convincingly* meets the statement, the highest mark should be awarded
- Where the learner's work *adequately* meets the statement, the most appropriate mark in the middle range should be awarded
- Where the learner's work *just* meets the statement, the lowest mark should be awarded.

Centres should use the full range of marks available to them; centres must award *full* marks in any band for work which fully meets that descriptor. This is work which is 'the best one could expect

from candidates working at that level’.

Where there are only two marks within a band the choice will be between work which, in most respects, meets the statement and work which just meets the statement.

One mark per assessment criterion is required. The final mark for the learner for each task is out of a total of 30 and is found by totalling the marks for each of the marking criteria strands. The marks for each task are then added together to give a total mark for the unit out of 60.

5.4.4 Authentication

Teachers/course tutors must be confident that the work they mark is the learner’s own. This means that teachers should introduce sufficient checks to be in a position to judge the authenticity of the learner’s work.

Candidates must not plagiarise or copy work. Plagiarism is the submission of another’s work as one’s own and can be caused by the failure to acknowledge the source correctly. Plagiarism and copying are considered to be malpractice and could lead to the candidate being disqualified. Plagiarism sometimes occurs innocently when candidates are unaware of the need to reference or acknowledge their sources. It is therefore important that centres ensure that candidates understand that the work they submit must be their own and that they understand the meaning of plagiarism and what penalties may be applied. Candidates may refer to research, quotations or evidence but they must list their sources.

Note: Centres must confirm to OCR that the evidence produced by candidates is authentic. The Centre Authentication Form, available separately from the OCR website, includes a declaration for teachers to sign. It is a requirement of the *QCDA Common Criteria for all Qualifications* that proof of authentication is received.

5.4.5 Internal standardisation

Speaking

It is important that all internal assessors, working in the same subject area, work to common standards. Centres must ensure that the internal standardisation of marks across assessors and teaching groups takes place using an appropriate procedure.

This can be done in a number of ways. In the first year, reference material and OCR training meetings will provide a basis for Centres’ own standardisation. In subsequent years, this, or Centres’ own archive material, may be used. Centres are advised to hold preliminary meetings of staff involved to compare standards through cross-marking a small sample of work. After most marking has been completed, a further meeting at which work is exchanged and discussed will enable final adjustments to be made.

5.4.6 Moderation

Speaking

Information on process

All work is assessed by the teacher and internally standardised by the centre. Marks are then submitted to OCR, after which moderation takes place in accordance with OCR procedures. The purpose of moderation is to ensure that the standard of the award of marks for work is the same for each centre and that each teacher has applied the standards appropriately across the range of candidates within the centre.

The sample of work which is presented to the Moderator for moderation must show how the marks have been awarded in relation to the assessment criteria defined in Appendix C.

Each candidate's work, submitted for moderation, should have a cover sheet attached to it. This will include a summary of the marks awarded for each task. If the work is submitted in digital format the cover sheet should be included electronically within each candidate's file.

5.5 Minimum Requirements for Controlled Assessment

Speaking

There should be clear evidence that work has been attempted and some work produced.

If a candidate submits no work for an internally assessed component, then the candidate should be indicated as being absent from that component on the mark sheets submitted to OCR. If a candidate completes any work at all for an internally assessed component, then the work should be assessed according to the internal assessment objectives and marking instructions and the appropriate mark awarded, which may be zero.

6 Technical Information

6.1 Making Unit Entries

Please note that centres must be registered with OCR in order to make any entries, including estimated entries. It is recommended that centres apply to OCR to become a registered centre well in advance of making their first entries. Centres must have made an entry for a unit in order for OCR to supply the appropriate forms and/or moderator details for Controlled Assessments.

It is essential that unit entry codes are quoted in all correspondence with OCR.

In Listening and Reading, there are examination papers for Foundation and Higher Tier. Candidates may be entered for any combination of Foundation or Higher Tier papers to reflect their abilities. Candidates must be entered for either component 01 or 02. Centres must enter all of their candidates for ONE of the components. It is not possible to enter a candidate for both components within the same series.

For Speaking, there are two controlled assessment tasks. Task 1 – either Component 01 or 02 - is recorded and moderated. The moderation samples can be submitted either via the OCR Repository or by Postal Moderation. The entry code you choose determines the method of submission. Task 2 - Component 03 - does not need to be recorded and only marks (rather than samples) need to be submitted. (Any scaling calculated on the basis of performances of Task 1 will be applied on a pro-rata basis to Task 2)

For Writing, two controlled assessment tasks must be submitted by post. These tasks are assessed by OCR examiners.

6.2 Terminal Rules

Candidates must take at least 40% of the assessment in the same series they enter for either the full course or short course qualification certification.

6.3 Unit and Qualification Re-sits

Candidates may re-sit each unit only once before entering for qualification certification for a GCSE or GCSE (Short Course) and must also satisfy the terminal rules in section 6.2.

Candidates may enter for the qualifications an unlimited number of times.

6.4 Making Qualification Entries

Candidates must enter for qualification certification in addition to unit assessment(s). If a qualification certification entry is **not** made, no overall grade can be awarded.

Candidates may enter for:

- GCSE certification (entry code: French J730/ German J731/ Spanish J732).
- GCSE (Short Course) Spoken Language certification (entry code: French J030/ German J031/ Spanish J032).
- GCSE (Short Course) Written Language certification (entry code: French J130/ German J131/ Spanish J132).

A candidate who has completed all the units required for the qualification must enter for certification in the same examination series in which the terminal rules are satisfied.

GCSE short course certification is available from June 2010.

GCSE certification is available from June 2011.

6.5 Grading

Both GCSE (Short Course) and GCSE results are awarded on the scale A* to G. Units are awarded a* to g. Grades are indicated on certificates. However, results for candidates who fail to achieve the minimum grade (G or g) will be recorded as *unclassified* (U or u) and this is **not** certificated.

Both GCSE (Short Course) and GCSE are unitised schemes. Candidates can take units across several different series provided the terminal rules are satisfied. They can also re-sit units or choose from optional units available. When working out candidates' overall grades OCR needs to be able to compare performance on the same unit in different series when different grade boundaries have been set, and between different units. OCR uses a Uniform Mark Scale to enable this to be done.

A candidate's uniform mark for each unit is calculated from the candidate's raw marks on that unit. The raw mark boundary marks are converted to the equivalent uniform mark boundary. Marks between grade boundaries are converted on a pro rata basis.

When unit results are issued, the candidate's unit grade and uniform mark are given. The uniform mark is shown out of the maximum uniform mark for the unit e.g. 41/80.

The specification is graded on a Uniform Mark Scale. The uniform mark thresholds for each of the assessments are shown below:

Tier	(GCSE) Unit Weighting	Maximum Unit Uniform Mark	Unit Grade								u
			a*	a	b	c	d	e	f	g	
F	20%	55	/	/	/	48	40	32	24	16	0
H	20%	80	72	64	56	48	40	36	/	/	0

-	30%	120	108	96	84	72	60	48	36	24	0
---	-----	-----	-----	----	----	----	----	----	----	----	---

Higher tier candidates may achieve an 'allowed e'. Higher tier candidates who miss a grade 'e' will achieve a uniform mark in the range f–u but the unit grade will be indicated as 'u'.

Candidate's uniform marks for each unit are aggregated and grades for the qualification are generated on the following scale:

Qualification	Qualification Grade									U
	Max UMS	A*	A	B	C	D	E	F	G	
GCSE	400	360	320	280	240	200	160	120	80	0
GCSE (Short Course)	200	180	160	140	120	100	80	60	40	0

In Foundation Tier, candidates achieving less than the minimum mark for Grade G will be ungraded. In Higher Tier, candidates achieving marginally less than the minimum mark for Grade D may be awarded Grade E or will be ungraded.

6.6 Enquiries about Results

Under certain circumstances, a centre may wish to query the result issued to one or more candidates. Enquiries about Results for GCSE units must be made immediately following the series in which the relevant unit was taken (by the Enquiries about Results deadline).

Please refer to the JCQ Post-Results Services booklet and the OCR Admin Guide for further guidance about action on the release of results. Copies of the latest versions of these documents can be obtained from the OCR website.

6.7 Shelf-Life of Units

Individual unit results, prior to certification of the qualification, have a shelf-life limited only by that of the qualification.

6.8 Guided Learning Hours

GCSE French/German/Spanish each require 120 to 140 guided learning hours in total.

GCSE (Short Course) French/German/Spanish Spoken Language each require 60-70 guided learning hours in total.

GCSE (Short Course) French/German/Spanish Written Language each require 60-70 guided learning hours in total.

6.9 Code of Practice/Subject Criteria/Common Criteria Requirements

These specifications comply in all respects with the current *GCSE, GCE and AEA Code of Practice* as available on the QCDA website, *The Statutory Regulation of External Qualifications 2004* and the subject criteria for GCSE Modern Foreign Languages.

6.10 Classification Code

Every specification is assigned a national classification code indicating the subject area to which it belongs. The classification codes for this specification are 5650 (French), 5670 (German), 5750 (Spanish).

Centres should be aware that candidates who enter for more than one GCSE qualification with the same classification code will have only one grade (the highest) counted for the purpose of the School and College Performance Tables.

Centres may wish to advise candidates that, if they take two specifications with the same classification code, schools and colleges are very likely to take the view that they have achieved only one of the two GCSEs. The same view may be taken if candidates take two GCSE specifications that have different classification codes but have significant overlap of content. Candidates who have any doubts about their subject combinations should seek advice, for example from their centre or the institution to which they wish to progress.

6.11 Disability Discrimination Act Information Relating to these Specifications

GCSEs often require assessment of a broad range of competences. This is because they are general qualifications and, as such, prepare candidates for a wide range of occupations and higher level courses.

The revised GCSE qualifications and subject criteria were reviewed to identify whether any of the competences required by the subject presented a potential barrier to any disabled candidates. If

this was the case, the situation was reviewed again to ensure that such competences were included only where essential to the subject. The findings of this process were discussed with disability groups and with disabled people.

Reasonable adjustments are made for disabled candidates in order to enable them to access the assessments and to demonstrate what they know and can do. For this reason, very few candidates will have a complete barrier to the assessment. Information on reasonable adjustments is found in *Regulations and Guidance Relating to Candidates who are Eligible for Adjustments in Examinations* produced by the Joint Council www.jcq.org.uk

Candidates who are unable to access part of the assessment, even after exploring all possibilities through reasonable adjustments, may still be able to receive an award based on the parts of the assessment they have taken.

Access arrangements permissible for use in these specifications are in line with QCDA's GCSE subject criteria equalities review and are as follows:

	AO1 (Listening)	AO2 (Speaking)	AO3 (Reading)	AO4 (Writing)
Readers	Yes for written Q	N/A	Only allowed for Q in English	Yes

6.12 Arrangements for Candidates with Particular Requirements

For candidates who are unable to complete the full assessment or whose performance may be adversely affected through no fault of their own, teachers should consult the *Access Arrangements and Special Consideration Regulations and Guidance Relating to Candidates who are Eligible for Adjustments in Examinations*. In such cases advice should be sought from OCR as early as possible during the course.

7 Other Specification Issues

7.1 Overlap with other Qualifications

There is no overlap between the content of these specifications and those for other qualifications.

7.2 Progression from these Qualifications

GCSE qualifications are general qualifications that enable candidates to progress either directly to employment, or to proceed to further qualifications.

Progression to further study from GCSE will depend upon the number and nature of the grades achieved. Broadly, candidates who are awarded mainly Grades D to G at GCSE could either strengthen their base through further study of qualifications at Level 1 within the National Qualifications Framework or could proceed to Level 2. Candidates who are awarded mainly Grades A* to C at GCSE would be well prepared for study at Level 3 within the National Qualifications Framework.

These specifications provide progression from the Entry Level Certificates in French, German and Spanish Specifications.

7.3 Spiritual, Moral, Ethical, Social, Legislative, Economic and Cultural Issues

These specifications can contribute to an understanding of these issues during the study of relevant language topic areas. For example spiritual, moral, ethical, social and cultural issues may arise in the study of all the topic areas listed in section 2.2. Legislative and economic issues could appear in topic areas 2 and 5.

7.4 Sustainable Development, Health and Safety Considerations and European Developments

Consistent with current EU regulations, these specifications necessarily address the issues of Health and Safety considerations, sustainable development and European development as part of the study of relevant Language topic areas.

7.5 Avoidance of Bias

OCR has taken great care in the preparation of these specifications and assessment materials to avoid bias of any kind.

7.6 Language

These specifications and associated assessment materials are in English only.

7.7 Key Skills

These specifications provide opportunities for the development of the Key Skills of *Communication, Application of Number, Information Technology, Working with Others, Improving Own Learning and Performance* and *Problem Solving* at Levels 1 and/or 2. However, the extent to which this evidence fulfils the Key Skills criteria at these levels will be totally dependent on the style of teaching and learning adopted for each unit.

The following table indicates where opportunities may exist for at least some coverage of the various Key Skills criteria at Levels 1 and/or 2 for each unit.

Unit	C		AoN		IT		WwO		IoLP		PS	
	1	2	1	2	1	2	1	2	1	2	1	2
1	✓	✓			✓		✓	✓	✓	✓	✓	✓
2	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓
3	✓	✓			✓		✓		✓	✓	✓	✓
4	✓	✓			✓	✓	✓	✓	✓	✓	✓	✓

Detailed opportunities for generating Key Skills evidence through these specifications are posted on the OCR website (www.ocr.org.uk). A summary document for Key Skills Co-ordinators showing ways in which opportunities for Key Skills arise within GCSE courses has been published.

7.8 ICT

In order to play a full part in modern society, candidates need to be confident and effective users of ICT. Where appropriate, candidates should be given opportunities to use ICT in order to further their study of French, German or Spanish.

The assessment of this course requires candidates to read and respond to texts from ICT based sources. In Unit 4 (writing), candidates may be required to draft faxes and emails, but this will be done on the examination paper using pen and ink.

This section offers guidance on ICT opportunities which may or may not contribute to the provision of evidence for IT Key Skills.

ICT Application/Development	Opportunities for Using ICT during the Course
Read ICT based material in the target language.	Find and print out suitable material from CDs, the internet, intranet.
Listen to ICT based materials in the target language.	Find and listen to suitable material from CDs, MP3s, the internet and intranet.
Word process in the target language.	Draft and write at various lengths in the target language.
Proofread own work.	Improve drafts.
Produce DTP versions of work for publication or display.	Use DTP to enhance work where linguistic quality has been checked.

7.9 Citizenship

Since September 2002, the National Curriculum for England at Key Stage 4 has included a mandatory programme of study for Citizenship. Parts of this Programme of Study may be delivered through an appropriate treatment of other subjects.

This section offers guidance on opportunities for developing knowledge, skills and understanding of Citizenship issues during the course.

It is recognised that the limited level of mastery of a modern foreign language will affect Candidates' performance in all the above activities.

Use imagination to consider other people's experiences and be able to think about, express and critically evaluate views that are not their own.	The expression and justification of points of view are required throughout the specification. The ability to consider other people's experiences and points of view is required in Listening and Reading assessments.

Appendix A: Grade Descriptions

Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The descriptions must be interpreted in relation to the content in the specification; they are not designed to define that content. The grade awarded will depend in practice upon the extent to which the candidate has met the assessment objectives overall. Shortcomings in some aspects of the assessment may be balanced by better performance in others.

The grade descriptors have been produced by the regulatory authorities in collaboration with the awarding bodies.

Grade A

Candidates understand the gist of a range of different types of authentic and simulated spoken language relating to a range of contexts, containing some complex language. They can identify main points, details and points of view and draw conclusions. They can summarise what they have heard.

Candidates initiate and develop conversations and discussions, present ideas and information, and narrate events. They express and explain ideas and points of view, and produce longer sequences of speech using a variety of vocabulary, structures and verb tenses. They speak confidently, with accurate pronunciation and intonation. The message is clear although there may still be some errors, especially when candidates use more complex structures.

Candidates understand a variety of authentic written texts relating to a range of contexts. They can identify main points, recognise points of view, attitudes and emotions and can draw conclusions. They understand unfamiliar language and extract meaning from more complex language and some longer texts.

Candidates convey information and narrate events. They express and explain ideas and points of view. They write for different purposes using a variety of vocabulary, structures and verb tenses. Their spelling and grammar are generally accurate and the message is clear although there may still be some errors, especially when candidates use more complex structures.

Grade C

Candidates show understanding of a variety of spoken material. They can identify and note main points, details and opinions. The spoken language includes a variety of structures, may relate to past and future events and covers a range of contexts including some that may be unfamiliar.

Candidates take part in conversations and simple discussions which contain a variety of structures and may include different tenses or time frames. They express personal opinions, present information and show an ability to deal with some unpredictable elements. Although there may be some errors, they convey a clear message, and their pronunciation and intonation are generally accurate.

Candidates can identify and extract details and points of view from authentic and simulated written texts, drawn from a range of material that includes a variety of structures and may relate to past and future events. They show understanding of unfamiliar language.

Candidates write for different purposes or contexts that may be factual or imaginative and include a variety of structures which may include different tenses or time frames. They can communicate information and express personal opinions. The style is basic but despite some errors the writing conveys a clear message.

Grade F

Candidates show understanding of simple familiar language spoken clearly. They respond appropriately and can identify and note main points and extract some details.

Candidates take part in simple conversations, can present simple information and can express their opinions. Their pronunciation is understandable, and although there may be grammatical inaccuracies the main points are communicated.

Candidates show understanding of the main points and some details from short, simple written texts that relate to familiar contexts. They can use context to work out the meaning of some unfamiliar language.

Candidates write short texts relating to familiar contexts, using simple sentences. There may be mistakes in spelling and grammar but the main points are communicated.

Appendix E: Guidance for the Production of Electronic Controlled Assessment: Unit 2 Speaking

The Controlled Assessment in Unit 2 comprises two tasks. For each candidate, the two tasks together form a Controlled Assessment portfolio, stored electronically.

Structure for evidence

A Controlled Assessment portfolio is a collection of folders and files containing the candidate's evidence. Folders should be organised in a structured way so that the evidence can be accessed easily by a teacher or moderator. This structure is commonly known as a folder tree. It would be helpful if the location of particular evidence is made clear by naming each file and folder appropriately and by use of an index, called 'Home Page'.

There should be a top level folder detailing the candidate's centre number, candidate number, surname and forename, together with the Unit code, so that the portfolio is clearly identified as the work of one candidate.

Each candidate produces evidence for the two Controlled Assessment tasks. The evidence for each task should be contained within a separate file within the top-level folder.

Each candidate's Controlled Assessment portfolio should be stored in a secure area on the centre network. Prior to submitting the Controlled Assessment portfolio to OCR, the centre should add a folder to the folder tree to store Controlled Assessment and summary forms.

Data formats for evidence

In order to minimise software and hardware compatibility issues it will be necessary to save candidates' work using an appropriate file format.

Candidates must use formats appropriate to the evidence that they are providing and appropriate for reviewing for assessment and moderation. Open file formats or proprietary formats for which a downloadable player is available are acceptable. Where this is not available, the file format is not acceptable.

Evidence submitted is likely to be in the form of digital audio and video files.

To ensure compatibility, all files submitted must be in the formats listed below.

It is the centre's responsibility to ensure that the electronic portfolios submitted for moderation are accessible to the moderator and fully represent the evidence available for each candidate.
